

# r!verse

Europe's first carbon credits issuance protocol  
for carbon-negative, industrial companies

November 2022

# NAÖDEN

Biogas and biochar

Need **money**

Need to **measure** impact

# We are here to solve this

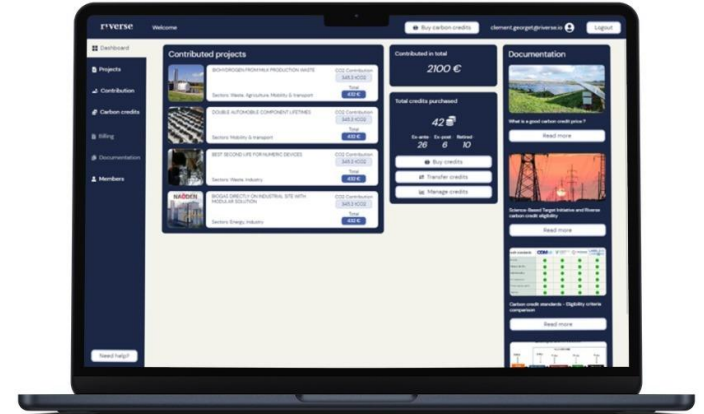

Riverse enables **carbon-negative, industrial companies** in Europe to **earn revenue** in the voluntary carbon market

# We have built a carbon credits issuance protocol

Measure & verify

Issue carbon credits

Monetize

# NAÖDEN

**16 000**  
**carbon credits**

**640 000€**  
**revenue**

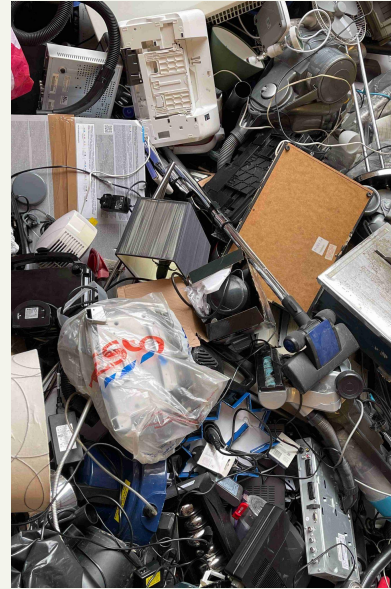

# We target specific verticals based on impact potential

**Biogas**  
**Bio-energies**

**Bio-based materials**  
**for construction**

**Recycling and refurbishing**  
**of CO2-intensive waste**

**Biochar**  
**CO2 transformation**

# What we are looking for

Work with more impactful **carbon-negative projects**

Partner with **carbon-credit resellers** on industrial credits

# Come talk to us!

**Ludovic Chatoux**  
CEO
